The PioneerxSD Huesca launches a new world-class Football Development Academy

The PioneerxSD Huesca launches a Football Academy with SD Huesca

The PioneerxSD Huesca Footballl Academy is the first fully SD Huesca-led football development initiative in Africa, bringing direct European professional standards to the continent under the technical leadership of SD Huesca S.A.D.

Unlike traditional academies, this program is designed, structured, and delivered entirely by SD Huesca, ensuring that training methodology, performance systems, and player development pathways mirror those used within the club in Spain.

Pioneer School serves as the official host institution, providing world-class facilities and access to prospective players, while SD Huesca maintains full technical direction and international alignment.

About the Programme

- ☑ Training sessions will be conducted four (4) times a week, ensuring consistent skill development and professional-level coaching exposure.
- ☑ The programme is carefully structured to run alongside the academic timetable, with no disruption to classes or learning activities.
- ☑ Student-athletes will benefit from a balanced schedule that prioritizes both academic excellence and football development.
- ☑ The school will implement continuous academic monitoring for all participating students to track their progress.
- ☑ Any student showing signs of academic decline will receive timely support and guidance to help them stay on track.
- ☑ Participation in the programme is tied to maintaining satisfactory academic performance, reinforcing discipline both on and off the pitch.
- ☑ The initiative promotes a holistic development approach, ensuring students excel in both their studies and sporting pursuits.
- ☑ At the end of Term 3 training, students will have the opportunity to travel to Spain for an immersive experience at the partner club, gaining international exposure and firsthand insight into professional football environments.
